

Girl Happy

Elvis Presley

Girl happy, yes, I'm girl happy
Girl happy, can't you see Every girl I see looks good to me
What a crazy way I were to be
I love a life of nothing but beautiful women Well, I'm girl happy, yes, I'm girl happy
Girl happy, can't you see Every time I see a pretty face
My heart just heads for outer space
I need a girl to make my life worth living Yes, I'm girl happy, yes, I'm girl happy
Girl happy, can't you see I've been like this since I was just a baby boy
First nurse that rocked my cradle made me jump to joy Mama keep your daughter out of sight
I'm in a lovin' mood tonight
I love a life of nothing but beautiful women Well, I'm girl happy, yes, I'm girl happy
Girl happy, can't you see I've been like this since I was just a baby boy
First nurse that rocked my cradle made me jump to joy Girl happy, well, I'm girl happy
Yes, I'm girl happy, can't you see Girl happy, said, I'm girl happy
Yes, I'm girl happy, can't you see
