

# Thing for You (feat. William Michael Morgan)

## Big Smo

Now it was just another Friday night  
I thought I'd take a drive  
And maybe catch me a bite  
And I knew a little spot down a couple of lights  
Where the music was low and the mood was just right  
So I slid into a corner booth  
Ordered a sweet tea appetizer for two  
You was checkin' me out and I was lookin' at you  
I decided to ease over and talk for a few  
Now I'm not usually the type to be out at a bar  
'Cause the late night scene seems to go too far  
And I used to be the type to go way too hard  
But here I am and baby, there you are Now I could be wrong  
I might be right  
I never have believed in love at first sight  
But I know  
I'm crazy over you  
It's the way you look  
The way you move  
The way I feel from across the room  
Now tell me  
Tell me it ain't true  
I think I got a thing for you Now I can't believe in this small town  
Where we both grewed up  
That it took this long for us to both show up  
And who would have known  
That over a couple of cups  
In so little time we both learn so much  
And you know how these rooms here can talk  
Everybody's in this bar is watching us like a hawk  
And if it's too much for you to handle,  
I could just take a walk  
'Cause I'm sure you got a man  
And I don't want you to get caught  
But if not, you can just roll with me  
Hell I'm parked right outside in that SUV  
It's funny times like this I just can't believe  
Something so accidental is so meant to be You can call it love  
You can call it lust

I never was sure a' what it was  
All I knew  
It took me by surprise, yeah  
From the first hello to the last goodbye  
Whenever I'm with you feels like I'm loosin' my mind  
I know I've got a thing for you  
I've got a thing for you
