

# You So Tough

## G-Unit

Yeah, nigga you so tough  
Tough until your heartbeat stop  
The tre pound pop, your arteries shot  
You bleed into shock, get in the pine box  
Damn, you's a hard motherfucker You so tough  
Tough until your punk ass hit  
The 4 fifth kick, the Heckler spit  
You in deep shit, oh now your ass sick  
You supposed to be hard motherfucker Bury all your hatin cause hatred will bury ya  
Learn not to talk tough talk through your cellular  
Fucked, then beef, the president and senator  
There is no peace, you're the prey or the predator While you plottin on me, I'm 10 steps ahead of ya  
Black 40 caliber, I put a infrared on ya  
Nigga, I'm special, you mad cause ya regular  
Man, I don't want your bitch, I damn near remember her Refresh my memory, oh yeah I slept with her  
No wonder she ain't mention you when I met with her  
Mind on my cheddar, they'll remember me forever  
The groundwork I put in made my lifestyle better and better I like the fuckin street, bright in the phantom lights  
Montana light, two women and my hand is ice  
They round the planet twice  
But I don't forget where I come from dum, dum  
Nigga [Incomprehensible] tonight Nigga you so tough  
Tough until your heartbeat stop  
The tre pound pop, your arteries shot  
You bleed into shock, get in the pine box  
Damn you's a hard motherfucker You so tough  
Tough until your punk ass hit  
The 4 fifth kick, the Heckler spit  
You in deep shit, oh now your ass sick  
You supposed to be hard motherfucker For that china white I lay a nigga mama down  
We can shoot it out like Frank White did in Chinatown  
You know I got that hard white, you know I got that tan n brown  
Automatic tre pound leave a nigga man down Murder, murder, homicide, real right niggas ride  
Gangstas they never hide, thank God I'm still alive  
My pocket look like theres cracks on me  
My waist look like I got the MAC on me These hoes on my dick, I got that ass on me  
You a RN, regular nigga, that rap homie  
I'm crack homey, I'm dope money  
I wake up and wipe my ass with coke money C Back, Maybach, my shit two tone

Nigga run up on that, your ass a tombstone  
I'm hood like a group home, ghetto like a pay phone  
Jake The Snake, I'm low in the hood from emNigga you so tough  
Tough until your heartbeat stop  
The tre pound pop, your arteries shot  
You bleed into shock, get in the pine box  
Damn you's a hard motherfuckerYou so tough  
Tough until your punk ass hit  
The 4 fifth kick, the Heckler spit  
You in deep shit, oh now your ass sick  
You supposed to be hard motherfuckerYeah, I got a knife for a tough nigga, 9 for a hard nigga  
Don't make me empty the chamber  
Even if I'm locked in the cell block, they fallin' the shell shock  
When I open your head with the bangerI cause a riot in the yard, make a mess in the mess hall  
Like I got just blew trial and I ain't got nothin' left  
Whats todays mathematics? Shit ain't addin' up  
Get knocked with 10 machine guns, only get 12 monthsOoh wee, don't talk to me, you talk to him, you talkin'  
to them  
I got the best lawyers money can buy  
They said they would've got me 10 or maybe 9  
I said how do you explain how homie breeze?  
They said keep ya mouth shut or you eatin' the cheeseNigga you so tough  
Tough until your heartbeat stop  
The tre pound pop, your arteries shot  
You bleed into shock, get in the pine box  
Damn you's a hard motherfuckerYou so tough  
Tough until your punk ass hit  
The 4 fifth kick, the Heckler spit  
You in deep shit, oh now your ass sick  
You supposed to be hard motherfucker
