Echo

R. Kelly

Oh, oh
You ain't gotta clock-in tonight
Girl, I wanna hear you echo
Wanna hear you echoI called your boss and he knows you ain't coming in today
Sex in the morning, sex all day
So baby girl, pack a bag and head to my place
Sex in the morning, sex all dayAnd when you get there don't stop, don't hesitate
Sex in the morning, sex all day
I left the keys so let yourself in, baby
Sex in the morning, sex all dayNow drop your bags, pour yourself a drink
I left your next clue by the sink
It should be a box with your name, open it up, see what's inside
Whatever it is, put it on and head to the bedroomAnd I'll be waiting for you right there, baby
I'll be waiting there like crazy
I hope you're ready to go all day long
I hope you're ready, girl, to scream and moanLike yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echo
Yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echoThe way you riding it, I can tell you like my surprise
Sex in the evening, sex all night
Now I'm working it up and down like a roller coaster ride
Sex in the evening, sex all nightI got your ass rolling back, finger nails in your spine
Sex in the evening, sex all night
We never had a sex session like this one in your life
Sex in the evening, sex all nightNow when we finally get to 'round 10
We not gonna stop, we'll start again
And when you need a break I'll let you up, I'll let you breathe
Wash your face, get something to eat then come back to the bedroomAnd I'll be waiting for you right there, baby
I'll be waiting there like crazy
I hope you're ready to go all day long
I hope you're ready, girl, to scream and moanLike yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echo
Yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echoEven though were in this room, just you and me
I got you sounding like your screaming from a mountain peak
And you don't wanna come down, no
And I don't want you to come down, no, so girl let's keep climbingAnd we're gonna go to heaven from this room
And the gates will open up when they see it's me and you

Oh, so unlock the door, come back in
Girl, I've got my second windAnd I'll be waiting for you right there, baby
I'll be waiting there to pin it like crazy
I hope you're ready to go all night long
I hope you're ready, girl, to scream and moanLike yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echo
Yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echoAnd I'll be waiting for you right there, baby
I'll be waiting there like crazy
I hope you're ready to go all day long
I hope you're ready, girl, to scream and moanLike yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echo
Yodelay, yodelay, oh, ooo-hoo
Wanna hear you echo, echoYodelay, yodelay, yodelay, yodelay
Yodelay, yodelay, yodelay, yodelay
