

We Live for Love

[Donna Beasley](#)

This is a cover of the Pat Benatar song.

Your love's contagious
One kiss is dangerous
And I have more to risk than you to lose

I feel passion growing
I know that love is only
Just one inch away from striking us

We live for love
We live for love

When we get tired
And watch the summer fade away
Will you think of romance, what will we do

Is there a place where we can go
Where time stands still for those who know
Till eternity we'll fulfill our desires

We live for love
We live for love
We live for love
We live for love

I never planned to win the race
But you convinced me face to face
There was never a chance of losing at all

We live for love
We live for love
We live for love
We live for love
