Advisory - the following lyrics contain explicit language:

She's posting all the time but the boards are down
It's a burned out building
He's spending all his time on his back
Staring at the ceilingThey spend themselves that way
I'm with that, I'm with them
You arent. You are alive, damn itGnawing on the prey
I think about you some
Where to put you
All backed up data for a raining time
Insulate a fragile mind
Capsulize a broken findDon't do this man
There's another one off behind
Breaking down the door without warningShe just ignores the time that the boards came down
It's a numbed out feeling
He just accepts that pain with a hate mantra
A spiritual killingThey just relax that way
I'm with that, I'm with them
You arent. You are alive, damn itCrayon past the line, stay after school
Crossword filled in non-photo blue
So they'll never find youI get the same result
We get the same effect
I get the same result
We get the same effectCant go through this now
I'm leaving a message
Stapled on your headDon't do this man
There's another one off behind
Breaking down the door without warning
