

# Devil's Daughter

## Brother Firetribe

She's red hot with the looks that kill  
A dangerous woman who can break your will  
She's a mystery and wonder  
And she will hurt you  
I was a fool to let her get in my case  
I didn't know about her wicked ways  
I was caught up just like a magnet  
I couldn't help myself I tried to break away from her spell  
That was too much  
This one way love affair  
Turns heart into stone She's a devil's daughter  
Stay for one night  
You'll stay forever  
Witchy women  
Cries for no one  
Steals your soul and tears your heart out She played her game I was bound to loose  
Blinded by passion I was one of the fools  
Who she tangled up in her madness  
I couldn't stay away  
Firewoman burned a hole in my soul  
Left me with nothing, don't know which way to go  
I heard my destiny calling  
As she was laughing I tried to break away from her spell  
That was too much  
This one way love affair  
Turns heart into stone She's a devil's daughter  
Stay for one night  
You'll stay forever  
Witchy women  
Cries for no one  
Steals your soul She's a devil's daughter  
Stay for one night  
You'll stay forever  
Witchy women  
Cries for no one  
Steals your soul and tears your heart out I was just a link in her chain  
She messed with my body and brain  
I don't know how I...  
I don't know how I ever survived She's a devil's daughter

Stay for one night  
You'll stay forever  
Witchy women  
Cries for no one  
Steals your soul She's a devil's daughter  
Stay for one night  
You'll stay forever  
Witchy women  
Cries for no one  
Steals your soul and tears your heart out
