

# I Like Apples

## Gary Kazoo

Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine  
Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine  
Gotta lotta time for the one that I'm watchin'  
Amazon Prime if you wanna get something  
No valentine but my heart beat pumpin' (pumpin', pumpin')  
Now the room poppin'  
Got plenty views if you hang around me  
So many hearts if you see the IG  
Stung many times by the people that I raise  
That my record look great like Mohammed Ali  
I'm tryna go, I'm tryna get wavy  
On holiday I'm wanting this daily  
Man's bait when he's wearing that paisley  
Still great 'cause my living now pays me  
Don't cook but my chef like Ainsley  
No look ting when I'm shooting my babies  
Top striker, I'm hardly missing  
New car so we need to christen, listen  
Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine  
Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine, oh  
Obsessed with the fitness  
That booty got me movin' with the stiffness  
Prayin' that I finally get to hit this  
(Tryna make you mine, oh)  
Wreckin' my balls, Miley  
Makin' a storm, Kylie  
Showing the fans I'm the only

Then clockin' the wrist with the timing  
Doin' it bless, doin' it easy  
Doin' it best, doin' it genie  
I got the juice and I'll give you the world  
Granting' your wishes and doing it well  
Let me know when you get freaky  
Wanna see E.T  
Give you my number to bell  
I got so many to choose  
Which one you want  
'Cause I'm smitten and under your spell  
Tryna hold it down but enough's enough  
I ain't really used to this thing called love  
But I ain't afraid to admit I'm feeling so vulnerable  
So whatever you decide, let me know what's the vibe  
'Cause I'm losin' my head tryna make you mine, oh  
Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine  
Is it really love, is it all in my mind  
Is it crazy I think of you all of the time, baby  
Is it really love, can you give me a sign  
'Cause I'm losin' my head tryna make you mine, oh
