Falling In Love With You

Ish

(Oh, oh, oh, oh)
(Cause I'm fallin', fallin')
(Oh, oh, oh, oh-oh)
(Cause I'm fallin' in love with you)It was in the studio
The first time that we met
And I was head over heels
Had to catch my breath
I knew I had to make you mine
And since I'm a go-getter
Didn't take long
'Til we were always together
And now I want you to know
There's nothin' I wouldn't do
Ain't no where I'd rather be
Then when I'm kickin' it with you
I wanna show you the world
Things you never see
We can travel anywhere
The places you never beCause I, I would do anything
For ya (for ya)
You keep it real girl
And that's what up (what's up)
I would do anything for you
Cause as long as we're together
Then we're never gonna loseCORY LEE:
And you take my breath away
Like a beautiful summer day
It don't matter what we do
(Fallin', fallin')
Cause I'm falling in love with you
Boy, you're always on my mind
I'm digging you all the time
You're making me lose my cool
Cause I'm fallin
I'm fallin' in love with youI was into ya
From the minute we met
I'll admit it, it was a feeling
I didn't expect
And it happened so quickly, girl

You really get me
Wherever I do now
I want you to be with me
Now, I'm on cloud nine
Like I'm walking in the air
I will never do you wrongs
Yes, I promise, I swear
I met a lot of women
None of 'em even compare
Girl, whenever you need me
You know I'll be thereCause I, I would do anything
For ya (for ya)
You keep it real girl
And that's what up (what's up)
I would do anything for you
Cause as long as we're together
Then we're never gonna lose
Uh-uhCORY LEE:
And you take my breath away
Like a beautiful summer day
It don't matter what we do
(Fallin', fallin')
Cause I'm falling in love with you
Boy, you're always on my mind
(On my mind, girl)
I'm digging you all the time
You're making me lose my cool
Cause I'm fallin'
I'm fallin' in love with youDon't gotta do, don't gotta say
Fallin', fallin' (fa-la-la-la-la-la)
Don't gotta be no other way
(Cause I'm fallin')
(I'm fallin' in love with you)
Don't gotta do, don't gotta say
Fallin', fallin' (fa-la-la-la-la-la)
Don't gotta be no other way
(Cause I'm fallin')
(I'm fallin' in love with you)As the sun goes down
I feel your light shine through
No matter how I try
I start to lose my cool
Assure as the ocean's deep
And the sky is blue
I keep fallin', I'm fallin'
I'm fallin' in love with youCORY LEE:

And you take my breath away
Like a beautiful summer day
It don't matter what we do
Cause I'm falling in love with you
Boy, you're always on my mind
I'm digging you all the time
You're making me lose my cool
Cause I'm fallin'
I'm fallin' in love with youAnd you take my breath away
Like a beautiful summer day
It don't matter what we do
(Fallin', fallin')
Cause I'm falling in love with you
Boy, you're always on my mind
(On my mind, girl)
I'm digging you all the time
You're making me lose my cool
Cause I'm fallin'
I'm fallin' in love with youDon't gotta do, don't gotta say
Fallin', fallin' (fa-la-la-la-la-la)
Don't gotta be no other way
(Cause I'm fallin')
(I'm fallin' in love with you)
Don't gotta do, don't gotta say
Fallin', fallin' (fa-la-la-la-la-la)
Don't gotta be no other way
(Cause I'm fallin')
(I'm fallin' in love with you...)
