

My First Valentine

Tracy Johnson

You gave me a bracelet made out of starsâ€™
To remind me I was loved when you werenâ€™t aroundâ€™
It would jingle when I shook it.
So I shook it all the timeâ€™
You were my first valentineâ€™
I gave you a paper heart filled with poets wordsâ€™
And then I wrote you a song filled with mineâ€™
You asked me to sing it until you knew every lineâ€™
You were my first Valentineâ€™ I was yours and you were mineâ€™
And you kissed me as the snow fell at Christmas timeâ€™
You were my first Valentineâ€™
We slow danced in the kitchen on that New Years Eveâ€™
Our song was the wind through the leaves in the treesâ€™
With my hand in yours and your heart keeping timeâ€™
You were my first Valentineâ€™ I was yours and you were mineâ€™
And you kissed me as the snow fell at Christmas timeâ€™
You were my first Valentineâ€™
On the day your family moved as we said goodbyeâ€™
You held me in your arms and you let me cryâ€™
Then you kissed away my tears as the snow fell downâ€™
Said donâ€™t you worry, I wonâ€™t forget you when Iâ€™m gone
You are my first Valentineâ€™ I am yours and you are mineâ€™
And forever is a lifetime but havenâ€™t you heard?â€™
Youâ€™re my forever Valentineâ€™
Shake the stars
