

# Earthquake (Pharos Remix)

## Little Boots

I can remember days, things weren't always this way  
I used to make you smile if only for a while  
But now you can't get through, there's no way I can lose  
I know some days are hard but don't you make mine too 'Cause I can't stand it when you come home and we  
just fight for hours  
But I won't show it, no I'll just hold my breath and keep it quiet Every little earthquake, every little heartbreak  
going unheard  
Every little landslide, catch it in my hand I won't say a word  
Every time you hug me I know that it's working, making you mine  
Every clap of thunder only makes me stronger on the inside How many countless nights I try my best to hide  
Soon as you slam the door my tears fall to the floor  
I know that people change, maybe you're not to blame  
But must you burn a hole so deep into my soul 'Cause I can't stand it when you come home and we just fight for  
hours  
But I won't show it, no I'll just hold my breath and keep it quiet Every little earthquake, every little heartbreak  
going unheard  
Every little landslide, catch it in my hand I won't say a word  
Every time you hug me I know that it's working, making you mine  
Every clap of thunder only makes me stronger on the inside Every little earthquake, every little heartbreak  
Every little landslide, catch it in my hand  
Every little earthquake, every little heartbreak  
Every little landslide, catch it in my hand  
Every little earthquake, every little heartbreak  
Every little landslide, catch it in my hand Every little earthquake, every little heartbreak going unheard  
Every little landslide, catch it in my hand I won't say a word  
Every time you hug me I know that it's working, making you mine  
Every clap of thunder only makes me stronger on the inside Every little earthquake, every little heartbreak  
Every little landslide, catch it in my hand  
Every little earthquake, every little heartbreak  
Every little landslide, catch it in my hand
