# Facing the Wind

## The Fixx

Just give me something to hold on
A piece of the world
That won't go wrong
Is there somebody there
I can talk to
Somebody sharing the same view
Facing the wind
One avenue that would lead to
A place on this earth
Where we all grew
Longing for travel we stood still
Watching a sky that was once blue
Facing the wind, facing the wind
Facing the wind, facing the wind
Each line we throw
Gives us false hope
One ray of light, God I can't cope
Thinking about what we all are
One human race that's gone too far
Facing the wind, facing the wind
Facing the wind, facing the wind
