

# Facing the Wind

## The Fixx

Just give me something to hold on  
A piece of the world  
That won't go wrong  
Is there somebody there  
I can talk to  
Somebody sharing the same view  
Facing the wind  
One avenue that would lead to  
A place on this earth  
Where we all grew  
Longing for travel we stood still  
Watching a sky that was once blue  
Facing the wind, facing the wind  
Facing the wind, facing the wind  
Each line we throw  
Gives us false hope  
One ray of light, God I can't cope  
Thinking about what we all are  
One human race that's gone too far  
Facing the wind, facing the wind  
Facing the wind, facing the wind
