

Winter Dream

Kaihorō

Berries and salmon
Oh the milk and honey
Mother earth
Embrace so sweet so sweet I sleep and sleep
Through the whole winter
As the sun comes back
The warmth wakes me up Feel the seasons changing
The greatest wisdom
Waits me in the big sleep I sleep and sleep
Through the whole winter
As the sun comes back
The warmth wakes me up I sleep and sleep
Through the whole winter
As the sun comes back
The warmth wakes me up Winter dream
Embrace so sweet
Winter sleep
