

# Dance

## Ratt

Dance, dance, dance  
Dance, dance, dance Slip and slide, take a ride you want the best of both worlds  
Caviar, it's hard to find you're not a big city girl  
You have dreams to make it big right off the Greyhound bus  
Roses come from everyone you're gonna have yourself some fun When it's all done you bite your tongue  
You're feelin' so young no cover-ups  
You're never alone if you hear the call  
It's all for one and one for all Baby we can dance, dance, dance  
Feel the heat of the rhythm, feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin', you need a little romance You have pride, just try and fight you'll take on  
anyone  
Stupid pans and fans, no more laughs it's only ten to one  
It's gettin' late to worry 'bout a date still you have no one  
Twist of fate, you know it's too late you turn on everyone When it's all done you bite your tongue  
You're feelin' so young no cover-ups  
You're never alone if you hear the call  
It's all for one and one for all Baby we can dance, dance, dance  
Feel the heat of the rhythm, feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin', I think we have a chance When it's all done you bite your tongue  
You're feelin' so young no cover-ups  
You're never alone if you hear the call  
It's all for one and one for all Dance, dance, dance  
D-d-dance Dance, dance, dance  
Feel the heat of the rhythm feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin' you need a little romance Dance, dance, dance  
Feel the heat of the rhythm feel the beat of the band  
Dance, dance, dance  
I see the way that you're movin', I think we have a chance, chance  
Dance, dance We'll dance, dance, dance  
We'll dance, dance, dance
