Now or Never

Steve Means

you take a chance
and leave behind
all that you have known
follow your dreams
into the dark
the places you never thought
you'd go
you wonder when, until then
all the pieces they will come
together
its now or never

(chorus)
so break into the light
and the colors deep inside
will push away the doubt you find
but maybe its that time
for you to realize
that it might be hard sometimes

but you'll be alright

day by day
things might change
but don't let it get to you
because that's just what they want
you to do
give up, give in, get out.
lose yourself
and all your worth
but i know that's not how your
mamma' raised her little girl

(chorus)

you never know which way to go
you never catch who's on the road
keep on following
what's in your heart

its time to start

(chorus)x2

i said it might be hard sometimes
but you'll be alright...

i said it might be hard sometimes
but you'll be alright...

but you'll be alright.
