

Young At Heart

Bananarama

Young at heart, yet what a start
Old before their time
Married young for love at last
It was their only crime How come I love them now
How come I love them more
But all I wanted to do when I was old
Was to walk out the door Young at heart, yet not a chance
To be a child at all
They told me tales, they told me lies
I shouldn't have known at all How come I love them now
How come I love them more
But all I wanted to do when I was old
Was to walk out the door Young at heart, should exercise
Who's right, who's wrong
Two brothers, two more hearts
Too hard to take it all [Unverified]
