

# Subway

## Bee Gees

Take me to the subway  
Ooh, take me to the subway It ain't far away, but the night is mine, like it fine, gonna stay  
See you in the morning  
Gotta rush, get a bus, make a fuss  
Gimme some loving in the morning Ooh, she makes me feel so good  
Instant reaction and ready for love  
I got no work, no sweat, no strain  
I got to make it to the midnight train So take me to the subway  
Ooh, take me to the subway Ooh, city life is bittersweet  
I don't care, take me there on the street, freedom in the city  
Gotta ride, goin' down underground, watch me slide  
Loving in the city Ooh, she makes me so complete  
Heavy in love and light on my feet  
I got no work, no sweat, no strain  
I got to make it to the midnight train So take me to the subway  
Ooh, take me to the subway Ooh, ain't it far away, but the night is mine, like it fine, gonna stay  
See you in the morning  
Gotta rush, get a bus, make a fuss  
Gimme some loving in the morning Ooh, she makes me feel so good  
Instant reaction and ready for love  
I got no work, no sweat, no strain  
I got to make it to the midnight train Take me to the subway  
Ooh, take me to the subway
