

Leisure Suite

Feist

In my leisure suite
Quit talking
Just for talking
PleaseIn my leisure suite
Sometimes
I feel the room surround me
With possibilityBuild fires to stoke them
Lets fix whats been broken
Words have been stolen
But silence is goldenIn my leisure suite
Just a place to meet
We can press repeat
And do what we do when were thereDont come knocking
This door's for locking
Have you got the key?In my leisure suite
Hang up your jacket
Undo my back zip
PleaseMoonlight on blanket
Its great when you are backlit
Features in close-up
The moment we woke upIn my leisure suite
Just a place to meet
We can press repeat
And do what we do when were thereIn our leisure suite
Come lie next to me
We can be complete
And do what we do when were thereIn our leisure suite
In our leisure suite
