

# Burnin'

## Tribal Theory

V1:

Its time to wake up  
Im over sleeping in  
Bed full of bottles  
Got my head spinning  
Its was a hell of a morning  
Stayed up til 10am  
Watched the sun rise with drink in hand  
Press rewind and do it all againPre Chorus:

Its getting hotter  
The temperature's rising up  
Its getting hotter  
Ya feeling it  
Ya feeling itChorus:

I got that fire if you're ready  
Its heating up  
Its just enough  
Come let me in and lets play  
(Its Burnin)

Its here for you to ignite it  
Ya knees are weak  
Ya cant fight

We got that fire now we're readyAnd now its..

Burning

Burn it

Burning

Oh yeahV2:

Here goes another bender  
Convinced that its 5o'clock somewhere  
Looking for my partner in crime  
Got me knocking on your door like  
Here's to a hell of an evening  
Aint no strings attached to these feelings  
So pull me in close  
(So Close)

You know where this goesPre ChorusChorusV3:

Run Run

Run from the sun

Take my hand oh our night's just begun now

One One  
Do this as one  
Are you feeling it?  
Run Run  
Run from the sun  
Take my hand oh our night's just begun now  
One One  
Do this as one  
Ya feeling it  
Ya feeling itPre ChorusChorus
