

# I Belong To You (Last One Picked Album Version)

[Superchic\[k\]](#)

Everybody needs to belong somewhere.  
Life can feel so alone without someone who cares.  
And when life becomes something just to get through  
That's when I'm  
Glad that I belong to you.I belong to you!  
I belong to you,  
You're the one who will never let me down,  
Won't let me down,  
I belong to you.  
I belong to you.Sometimes life brings more pain than we can bear alone.  
When hope is gone and I have no strength to stand on my own!  
When nothing helps, there's nothing that I can do,  
You surround me and show me  
I belong to you.I belong to you!  
I belong to you,  
You're the one who will never let me down,  
Won't let me down,  
I belong to you.  
(I belong to you.)When love is gone there's no arms to run to anymore.  
I'm all alone, there's no one for me to live for.  
Letting go of the things I've always come to,  
Let's when I need to feel that  
I belong to you.I belong to you!  
I belong to you,  
You're the one who will never let me down,  
Won't let me down,  
I belong to you.
