# Say I'm Sorry

## Denelle

Verse 1
Don't mean to interrupt what youre doing
Please just take a moment (and listen)
How are you doing? Its been a minute
Since we last talkedPre chorus
Just wanna know what you've been up to
Lately maybe
We could meet up somewhere
This afternoon say tell me if you'd like toChorus
Can we forget what happened?
Can we just walk on forward?
Possibly, maybe
Just give me a chance to say Im sorry
I could have done much better
Please decide on whether
Possibly, maybe
Just give me a chance to say Im sorryVerse 2
I laugh at the fact I
Think that I treated you best (thats a lie)
You ain't seen nothing yet cos Im
Truly gonna try my best ohhhPre Chorus
Just wanna know what you've been up to
Lately maybe
We could meet up somewhere
This afternoon say tell me if you'd like toChorus
Can we forget what happened?
Can we just walk on forward?

I could have done much better
Please decide on whether
Possibly, maybe
Just give me a chance to say Im sorryBridge
You don't know what you got until its gone
Until its gone, until its gone
Thought I had it together but I was wrong
But I was wrong heyChorus

Can we just walk on forward?
