Somebody Made For Me

Emitt Rhodes

Somewhere someone special just for me
Somewhere someone special must be
Somewhere someone special just for me
Somewhere someone special must be
Somebody made for me, somebody made for you
Somebody made for me, somebody made for you
Ask and you'll receive, dear God in Heaven won't you help me please?
Somewhere someone special just for you
Somewhere someone special it's true
Somewhere someone special just for you
Somewhere someone special it's true
Somebody made for me, somebody made for you
Somebody made for me, somebody made for you

Ask and you'll receive, dear God in Heaven won't you help me please?
I've been searching all my life, guess I've looked most everywhere
Many girls have caught my eye but that special one's not there
Somewhere someone special just for me
Somewhere someone special must be
Somewhere someone special just for you
Somewhere someone special it's true
Somebody made for me, somebody made for you
Somebody made for me, somebody made for you
Ask and you'll receive, dear God in Heaven won't you help me please?
