Shell Shock

Heart

I can snap my fingers and get quick results
I can wink my eye and melt their little hearts
But somethin' hit me, brought me to my knees
Somethin' bit me, no remedies
Came out shootin', left me stunned
I know I'm losin' it, look what you have done
Shell shock, it's a shell shock
You got me in your love lock
Shell shock, it's a shell shock
I can't escape it, no I can't shake it
You crept up behind me, a rival to my heart
Hit me with your charms, baby, and caught me in the dark
You made me like a bandit, you made yourself a hero
I couldn't stand it, my will power zero
You came out shootin', you left me stunned
I know that I'm losin' it, look what you have done

Shell shock, it's a shell shock
You got me in a love lock
Shell shock, it's a shell shock
I can't escape it, no I can't shake it
But I like it, I like it a lot
Ooh, I like it, I like it a lot
Shell shock, it's a shell shock
Somethin' hit me, brought me to my knees
Somethin' bit me, no remedies
You came out shootin' an' left me stunned
I know, I'm losin' it, look what you have done
Shell shock, shell shock
Shell shock, it's a shell shock
Shell shock, shell shock
Shell shock, it's a shell shock
