Have You Ever

S Club 7

Sometimes it's wrong to walk away though you think it's over
Knowing there's so much more to say
Suddenly the moment's gone and all your dreams are upside down
You just want to change the way the world goes 'roundTell me, have you ever loved and lost somebody
Wished there was a chance to say, I'm sorry?
Can't you see, that's the way I feel about you and me, baby?
Have you ever felt that your heart was breaking
Looking down the road you should be taking?
I should know 'cause I loved and lost, the day I let you goCan't help but think that this is wrong, we should be together
Back in your arms where I belong
Now I've finally realised, it was forever that I've found
I'd give it all to change the way the world goes 'roundTell me, have you ever loved and lost somebody
Wished there was a chance to say, I'm sorry?
Can't you see, that's the way I feel about you and me, baby?
Have you ever felt that your heart was breaking
Looking down the road you should be taking?
I should know 'cause I loved and lost, the day I let you goI really wanna hear you say that you know just how it feels
To have it all and let it slip away
Can't you see, even though the moments gone
I'm still holding on somehow
Wishing I could change the way the world goes 'roundTell me, have you ever loved and lost somebody
Wished there was a chance to say, I'm sorry?
Can't you see, that's the way I feel about you and me, baby?
Have you ever felt that your heart was breaking
Looking down the road you should be takingI should know 'cause I loved and lost, the day I let
(I should know)
Yes, I loved and lost, the day I let
Yes, I loved and lost, the day I let you go
