The View From Here

We The Kings

I fade to black, the cameraâ€™s rolling
Open roads, where are we going?
Unprepared and unaware we steer
Faster, everyday, weâ€™re breathing
Faster than a bullet speeding
Photos make our memories stand clear

Weâ€™re dancing into light
Like we broke in
Crashing the night

Push ahead, push ahead
Past the highest ledge
Tonight is ours
With every step
Push ahead, push ahead
Such a beautiful sight
After every hill we climbed
Itâ€™s never been so clear
And at the top we scream
â€œI really like the view from hereâ€•

Racing for a new beginning
Chasing roads that are never ending
Hereâ€™s our chance
To write new history
Best times yet around the corner
Catching dreams without a border
We are here and we are finally free

Weâ€™re dancing into light
Like we broke in,
Crashing the night

Push ahead, push ahead
Past the highest ledge
Tonight is ours
With every step
Push ahead, push ahead
Such a beautiful sight

After every hill we climbed
Itâ€™s never been so clear
And at the top we scream
â€œI really like the view from hereâ€•

So take my hand,
Take a chance,
Take a bow,
Take your moment now
Cause itâ€™s a long way down
So take a stand,
Take a shot,
Take a bow,
Take your moment now
Cause itâ€™s a long way down

Push ahead, push ahead
Past the highest ledge
Tonight is ours
Tonight is ours

Push ahead, push ahead
Past the highest ledge
Tonight is ours
With every step
Push ahead, push ahead
Such a beautiful sight
After every hill we climbed
Itâ€™s never been so clear
And at the top we scream
â€œI really like the view from hereâ€•
