

Can't Stop Feeling

Franz Ferdinand

My soul starts spinning again
I can't stop feeling, no, I won't stop feeling
 And the fun's not fun anymore
I can't stop feeling, no, I won't stop feeling
 You leave me here on my own
 You leave me here on the floor
 You can't feel it, you can't feel it
 You can't feel it, you can't feel anymore
 Feel anymore, feel anymore, feel anymore
 My soul starts spinning again
I can't stop feeling, no, I won't stop feeling
 And we're not us anymore
 I can't stop, no, I won't stop
 You leave me dancing alone
 You leave me to die on the floor
 You can't feel it, you can't feel it
 You can't feel it, you can't feel anymore
 Feel anymore, feel anymore, feel anymore
 Soul boy, down and alone
 And his soul is broken again
 But you can't stop moving
 No, you won't stop moving along
 You can't feel it, you can't feel it
 You can't feel it, you can't feel anymore
Can't feel anymore, can't feel anymore, can't feel
 You can't feel anymore, anymore, anymore
 You can't feel anymore
