

Gangstas & Strippers

Too \$hort

Gotta get a bitch and get my dick sucked
I gotta get a bitch and get my dick sucked
Gotta get a bitch and get my dick sucked
I gotta get a bitch and get my dick sucked From the weed house straight to the strip club
Gotta get a bitch and get my dick sucked
I pull heat from the heat rub
All I fuck wit is gangstas & strippers She's a killa and a sweet thing
Set a nigga up, put the money in a G-string
Now throw them G's up
And tell a bitch, get up off your knees, slut Cause we get rowdy tonight
Them scary motherfuckers know how we like to fight
Thats why they leave when we show up
Then all you little bitches see me and hoe up Square people, don't want me around
We get crunked in the A, we go dumb in the town
They say we like to clown
But we get too stupid on that hi-fi sound, what How you like me now
All the gangstas & strippers
How you like my style
I fuck wit gangstas & strippers I know I'm kinda wild
Like the gangstas & strippers
Its bout time you find out
All I fuck wit is gangstas & strippers I don't blow no mist
I'm a California nigga, all the hoes know this
Yeah, we smokin purple
Pedal to the metal and we goin in circles All we smell is weed and rubber
If I hit you, baby mama, I'm a motherfucker
Cause she's loving me
Staring at my face, she wanna fuck wit me I wanna fuck her too
And I always know just what to do
Yeah, baby mamas a stripper
Town business, it won't take long to get her Cause she's a cute little thick thang
I got her goin dumb on the dick man
I'm insane when I spit game
Then I dump em and I flush em like shit stains How you like me now
All the gangstas & strippers
How you like my style
I fuck wit gangstas & strippers I know I'm kinda wild
Like the gangstas & strippers
Its bout time you find out

All I fuck wit is gangstas & strippers
You see me at the strip club
Outside about to pick a bitch up
Around fo' A.M.
I'm up all night you know I am
And if you fuck wit me, I make one phone call
Call up's and G's relax
Dont tell me what to do, I kick back
And watch all hell break loose
I feel sorry for ya'll
Cause once they start I cant call them off
You see the front door, you better run
You never got jumped before its fun
When you doin the jumpin
Turn he's mothafuckin head into a pumpkin
Suck him in his mouth, knock the nigga out
Then take his girl to the house and dig it out, bitch
Gotta get a bitch and get my dick sucked
I gotta get a bitch and get my dick sucked
Gotta get a bitch and get my dick sucked
I gotta get a bitch and get my dick sucked
Now how you like me now
I fuck wit gangstas & strippers
How you like my style
All I fuck wit is gangstas & strippers
I know I'm kinda wild
Like all the gangstas & strippers
Its bout time you find out
All I fuck wit is gangstas & strippers
How you like me now
Gangstas & strippers
How you like me now, bitch
