Falling Apart

Zebrahead

Everything's falling apartStutter step through another trap set up by deception
Mention rejection, rejection
Always lies in your eyes, settles in your action
Lies in your eyes, settles in your action
Jeopardize everything that I want
And I won't compromise anything anymore
In any way victimize myself any more
Liberty, yeahManipulation's on my mind, expectations well defined
Frustrate me, liberate me 'cause everything's falling apart
You can't control me, you can't control me
Everything's falling apart
You can't control me, you can't control me
Everything's falling apart
Now, I can't see you, doesn't matter what I do
I can't see you 'cause everything's falling apartGot exposed to a deeper form of infection
Shout out I need acception
Always lies in your eyes, settles in your action
Lies in your eyes, settles in your action
Criticize everything that I do
And I will overcome anything that's in store
Nevermore look up to you and adore
Liberty, yeahManipulation's on my mind, expectations well defined
Frustrate me, liberate me 'cause everything's falling apart
You can't control me, you can't control me
Everything's falling apart
You can't control me, you can't control me
Everything's falling apart
Now, I can't see you, doesn't matter what I do
I can't see you 'cause everything's falling apartManipulation's on my mind
Inspect me, try to check me
Expectations well defined
Dissect me, want to wreck me
Violator of my own will
Accept me, reject me
Separate or shoot to killWell everything's falling apart
You can't control me, you can't control me
Well everything's falling apart
You can't control me, you can't control me
Well everything's falling apart

Now, I can't see you, doesn't matter what I do
I can't see you 'cause everything's falling apartYou can't control me, you can't control me
Well everything's falling apart
You can't control me, you can't control me
Well everything's falling apart
Now, I can't see you, doesn't matter what I do
I can't see you 'cause everything's falling apart
