

# Something That We're Not

## Demi Lovato

I should've known when I got you alone  
That you were way too into me to know  
This isn't love boy, this ain't even close

But you always think we're something that we're not  
And now you call me every single night

I only answer cause I'm too polite  
We happened once, or maybe it was twice  
Yeah you always make it hard for me to stop

But you always think we're something that we're not  
You wanna be more than just friends

I can't go through this again  
Stop trying get inside my head  
Don't wanna do more than hook up

It's getting stupid, cause I should've known but I forgot

That you think we're something that we're not, hey!  
I hear you're telling everyone you know

That I'm the one like you can't let me go  
And you just keep on blowing up my phone

Cause you never seem to know when you should stop  
Don't introduce me to any of your friends

Delete my number, don't call me again  
We had some fun, but now it's gonna end  
But you always make it hard for me to stop

Now you always think we're something that we're not, hey  
You wanna be more than just friends

I can't go through this again  
Stop trying get inside my head  
Don't wanna do more than hook up

It's getting stupid, cause I should've known but I forgot

That you think we're something that we're not, hey!  
Something that we're not, hey!

You think we're something that we're not

Yeah, you think we're something that we're...\*Not gonna happen dude\*  
You wanna be more than just friends

I can't go through this again  
Stop trying get inside my head  
Don't wanna do more than hook up

It's getting stupid, cause I should've known but I forgot

That you think we're something that we're not, hey!  
You think we're something that we're not

Something that we're not  
Stop playing

You think we're something that we're not

But you think we're something that we're not
