The Way I Live

Simian

You just don't like the way that I live
You just don't like the way that I live
The way that I live, the way that I live
The way that I live, the way that I liveWell, I just don't like the way that you think
Well, I just don't like the way that you think
Well, I just don't like the way that you think
Well, I just don't like the way that you thinkYou just don't like the things that I say
You just don't like the things that I say
The things that I say, the things that I say
The things that I say, the things that I sayWell, I just don't like the things that you do
Well, I just don't like the things that you do
Well, I just don't like the things that you do
Well, I just don't like the things that you doI just don't like the things that you do
I just don't like the things that you do
I just don't like the things that you do
I just don't like the things that you doWell, I just don't like the way that you think
Well, I just don't like the way that you think
Well, I just don't like the way that you think
Well, I just don't like the way that you thinkWell, I just don't like the way that you think
Well, I just don't like the way that you think
