Winning

Five Star

Keep your fingers crossed and knock on wood
When things are going this good
Don't let the luck get lost, For all it takes,
It's a special thing
It's a good game
Once you find out how to play
Things can finally go your wayChorusWe're winning
Set our sights, it's just beginning
To turn out right
We're winning
Look what's happening
We're winning
We're winning
We're winningI've got a rabbit's foot, a good lucky charm
To keep away all harm
Watch out for this and that
Try not to step upon a pavement crack
And keep our mirrors intactIt's a good game
Once you find out how to play
Things can finally go your wayWere winning
Every day the lucks beginning
To go our way
Were winning
Anyone can see were winningOohI'm not superstitious
in all these things i do
Cause, this wishing list is
Its too good to be trueWe're winning.
We're winning.Its a good game
Once you find out how to play
Things can finally go your wayWe're winning
Set our sights, it's just beginning
To turn out right
We're winning
Look what's happening
We're winningWe're winning
Set our sights, it's just beginning
To turn out right
We're winning
Look what's happening

We're winningRepeat chorus x 3 (to fade)
