

# Honey Honey (BBC Sessions)

[Feist](#)

Honey, honey up in the trees  
Fields of flowers deep in his dreams  
Lead them out to sea by the east  
Honey, honey food for the bees Honey, honey out on the sea  
In the doldrums thinking of me  
Me on dry land thinking of he  
Honey, honey not next to me Even if he wanted to  
Even if he wanted to  
Even if he wanted to  
Do you think he'd come back  
Would he come back Oh no, oh no, oh no, oh no  
Oh no, oh no, oh no, oh no  
Oh no, oh no
