

# Doombringer (live)

[Nasum](#)

No need for apologies, we all played fair  
No reason to forgive nor to forget  
Four years of high life and then you die  
Beaten by the clock yet you try to stay aliveDoom, the end is closing in  
Just before it all begins  
The end is closing inDestined to lead yet you're always last  
Strictly narrow minded, don't give a shit about the past  
Yet the future is dimmed in a cloud of gasoline  
In blood red darkening, you try to float upstreamDoom, the end is closing in  
Just before it all begins  
The end is closing inDoombringer  
DoombringerDisappointed by the truth  
Misery shines through you  
Endless pain is all you give  
Wade through emptiness for eternity
