Giddy Up

Fe

A smoky room, all eyes on youBlinded by the milky moon
I was there, inside of you
I was there, inside of you
Fingers are walking down my back
You penetrate me straight to my chest
I was there, inside of you
I was there, inside of you
Don't stop, giddy giddy up
Don't stop, giddy giddy up
One hundred degrees in the shade of the heat
Hold on to me
Trouble, make believe
Don't stop, giddy giddy up
Don't stop, giddy giddy up
Come with me, run with me
Whiskey and wizardry
Hold on to me
Trouble, make believe
We'll make believe
All the wizardry
We'll make believeAnd I walked in the roomAll eyes were on you
Playing piano, singing the blues
Your dark hair and your deep blue eyes
I'm captured by your sick lullaby
Don't stop, come on giddy giddy upDon't stop, come on giddy giddy up
One hundred degrees in the shade of the heat
Hold on to me
Trouble, I'll make believe
Don't stop, come on giddy giddy up
Don't stop, come on giddy giddy up
Come with me, run with me
Whiskey and wizardryHold on to me
Trouble, I'll make believe
I'll make believeI'll make believe
I'll make believe
All the wizardry
I'll make believeI'll make believe
I'll make believe
All the wizardry

Ahhhh
So come on, I'll make believe
Ahhhh
So come on, I'll make believe
Don't stop, giddy giddy up
Don't stop, giddy giddy up
