Diamonds

T. Mills

(Chorus:)
We are diamonds, but we gon' shine forever
Like a diamond in disguise
When they carry me home,
When I'm gone
Still be seen a million years, after
We are dia-, we are dia-, we are diamonds
(Verse 1:)
Starin' at the clock can't get it back
Money make the world go round
Got me living life fast, just like that
It could all end right now
Tell em', tell em' D-I, da-D-I,
Keep it up when it all falls down
Tell 'em, tell 'em D-I, da-D-I,
Keep it up when it all falls down
Cause this is how it feels when you find yourself
Kinda like a diamond you mind yourself
Mind over matter, time don't matter
Remember to remind yourself
(Chorus:)
We are diamonds, but we gon' shine forever
Like a diamond in disguise
When they carry me home, when I'm gone
Still be seen a million years, after
We are dia-, we are dia-, we are diamonds
(Verse 2:)
I ain't got a price that'll save my life
I'mma leave it up in the air,
Thinking about a heist that will change my life
Never said life was fair
So I tell 'em D-I, da-D-I
Keep it up when it all falls down
Tell 'em D-I, da-D-I
Keep it up when it all falls down
Cause this is how it feels when you find yourself
Kinda like a diamond you mind yourself
Mind over matter, time don't matter
Remember to remind yourself

(Chorus:)
We are diamonds, but we gon' shine forever
Like a diamond in disguise
When they carry me home, when I'm gone
Still be seen a million years, after
We are dia-, we are dia-, we are diamonds
We don't wish on stars
That's just how we are
(Chorus:)
We are dia-, we are dai-, we are diamonds
We are dia-, we are dai-, we are diamonds
We are diamonds, but we gon' shine forever
Like a diamond in the sky
When they carry me home, when I'm gone
Still be seen a million years after
We are dia, we are dia, we are diamonds
(Chorus:)
We are diamonds, but we gon' shine forever
Like a diamond in disguise
When they carry me home, when I'm gone
Still be seen a million years after
We are dia-, we are dia-, we are diamonds
