White Lies

Curtis Cooper

Am I good, am I bad, do I make you feel crazy
Am I power, am i strength, the answer is â€œmaybeâ€•
I fuel all your thoughts, donâ€™t think of the toll
Give me your time, give me control

Take a line, feeling fine, Oh Ill change your mind
Just a touch, a touch is enough, enough to give, give your last dime

Take your time, ruin lives, ya pay me in lies
Cut me up, roll a bill, I see it in your eyes
I slip up your nose, through your blood and into your brain
They gave me a name, I am cocaine

Take a line, feeling fine, Oh Ill change your mind
Just a touch, a touch is enough, enough to give, give your last dime

I am cocaine, donâ€™t be afraid, i numb all the pain, a kick to the brain
I am cocaine, donâ€™t be afraid, i numb all the pain, a kick to the brain

I am cocaine, donâ€™t be afraid, i numb all the pain, a kick to the brain
