# Sever The Ties (Post-Hardcore.COM)

## Memphis May Fire

Remember when you said we were in this together?
We only had one goal in mind. o
Tbe the best that we could be for each other.
To look ahead and put our differences aside.
I could swear that you're a different person now.
All you want these days is a fight.
I could've sworn that this would end up different but I'm tired of trying because we can't see eye to eye.
We don't see eye to eye.
I feel the separation.
It's time that you go your way, I'll go mine.
All I ever wanted was the best for us,
Then out of nowhere you were out of touch.
I really think I should've done this sooner.
I only wish I would have never gave so much.
I feel the separation.
It's time that you go your way, I'll go mine.
I watched you change into everything you used to hate,
And push me away because you're scared of what I'll say.
I didn't want this, it kills me inside.
I have no choice but to sever the ties.
What happened to the you I used to know.
Was it ever real, or was it just a show?
The trust, the love, the bond we had, where did it go? Where did it go?
What happened to the you I used to know?
I poured out, gave you everything.
Now I wish I could take it back.
Go now, far away from me before I lose what little patience I have!
I believed every lie you told and now I think that I am better off alone.
You only took, and always asked for more.
Now give me back every part of my life you stole!
I watched you change into everything you used to hate,
And push me away because you're scared of what I'll say.
I didn't want this; it kills me inside.
I have no choice but to sever the ties.
