

# Running Circles

## Wooly Mammoth

I run circles, I run home  
I feel guilty, when I'm whole  
Come down, move out  
Breathe sigh, head high

Awake all night and sleeping in all day  
Leaving without you and without me  
Pleasant prop it won't go, holding something to hold  
The point at which I give up I will roam

Oh maybe, not lately, I'm saving, oh lay me in  
Parade me, to say that, I'm coping, not running thin  
Pleasant prop in my way, never stopping my way  
Slow down speed

Awake all night and sleeping all day  
Leaving without you and without me  
Pleasant prop it won't go, holding something to hold  
The point at which I give up I will roam

Awake all night and sleeping in all day  
Leaving without you and without me  
Pleasant prop it won't go, holding something to hold  
Running circles, running home
