Ring Me Up

Divinyls

You are my desire
Oh, baby, you, you, you, you make me cry
You are my desire
You, you, you, you, you make me cryGot to find you, know you're out there
Got to get you back into my hair
You just got to try 'cause I can't get youKnow you're out there, know you've got a heart
You're gonna send me right back to the start
I really miss you and I feel so sadOh, oh, oh, I ya, oh, oh, oh, I ya
Come on, ring, come on, ring me, come on, ring me upI am sitting here all alone
Waiting my by telephone
Wish I didn't leave it you
Ringing you, I'm always having toYou are my desire
Oh, baby, you, you, you make me cryIf you still up we could go down
We could make up when you came around
I really miss you and I feel so badIf you're in bed I'll come to you instead
It will be alright when you come tonight
You just got try and I feel so sad
