

# Speed Kills

## Smashing Pumpkins

Speed kills  
But beauty lives forever  
Speed thrills  
But beauty knows your name I fell ill inside eternal winter, winter  
And stood still beside eternal flame  
And when I ride with you tonight  
We can move at the speed of light With all I ask and all I pray  
Last rose of summer is could stay First time that I ever saw you  
Crashing hard through days of pain  
You were one of God's children  
Left to cry out in the rain Waiting to be saved again  
'Cause when I ride with you tonight  
We can move at the speed of light And all I ask and all I pray  
Last rose of summer  
The last rose of summer  
The last rose of summer is gone  
Long gone, gone  
Last rose of summer is gone When I ride with you tonight  
We can move at the speed of light  
Forever young, forever blind  
Into the stars we rock tonight The last rose of summer  
The last rose of summer  
The last rose of summer  
...
