

# Telepathy

**Miles Kane**

I can feel you searching round my brain  
Looking for a way to make a wave  
Falling out and in  
In and out again  
Until our falling thoughts cascade togetherTelepathy to the rescue  
Just look at me and i will let you knowI can see you making little flames  
All along the path to guide the way  
Floating out and in  
In and out again  
Until our falling thoughts cascade together
