

# Flaming Bed

## Blue Rodeo

Last night I woke up in a flaming bed  
a flaming bed  
a flaming bed

I know that you can't be with me  
until I start talking some kind of sense  
but nothing makes sense to me now  
can't find the thread no place to rest  
and I don't know what normal means

still I grow tired of the same  
your flame burns pure  
that's what I fear

I see so much  
you make me real

I see so much  
from everywhere to nowhere  
from nowhere to here

nowhere to here  
nowhere to here  
nowhere to here

to everywhereLast night I woke up in a flaming bed
