Bow Down

Born of Osiris

Fucking bow down
You were the price of the killing
While we were waiting on the other side
The other ones were just standing
But we were playing on the other side

You can close your eyes
Forget what you have seen (What you've seen)
Bless us all
They are guilty
Bring back what is yours

We tried to escape
But you still waste
Nothing is safe
Nothing remains
You cant take what you've given away
Nothing remains
You cant take what you've given away
You were the price of the killing
We were just playing

You can close your eyes
Forget what you have seen
Bless us all
They are guilty
Bring back what is yours
