San Juan

The Wyrm

Make me see a whole new way
Make me see the new day, the new day, the new day
Make me be, make me be, make me be a whole new way
Meet me in San Juan, baby I'll be true
Whisper sweet everything to you
Yellow cactus rose
Cotton blown by wind
Beaten brown hands, perfect skin, perfect skin
In San Juan, I don't wanna know, all the reasons why you gotta go
In San Juan
Meet me in San Juan
Where nobody has and everybody gives
There's no sad where death lives
I see your love, I see your love
Baby I'll be true
Yes, I'll be true for your love, for your love, for your love, love
