I Won't Lie

Bran Van 3000

When I think about how long I spent trying to explain
It's only to help you feel no, no, no, no pain
All my words are just for your heart
They don't mean to hurt, you know
I just let them come out how I think it should go
And sometimes I know it's not quite right for you
But I won't, I won't, I won't...()
I won't lie anymore, I won't lie anymore...
First time, fall in love, and
And there's a time when you need somebody to hold you close
Close, so, so close
Feel that you are not of this world
Oh baby, oh take me to another place
Oh, why'd you...?
