Scars

Upon a Burning Body

The guilt, the shame drives you insane
Here we go!Burn it all, burn it all, burn it all.
I'm not looking back,
There's nothing to gain burning it all and ignoring the pain.
Tell me what's the reason
Give me something to believe in.Stop. This isn't insecurity.
Stop. And I don't know what you want from me.
Stop. Forcing your standards upon me.
Stop. Because I'm better than you'll ever be.I'll never. I'll never re-live my past again.
So don't ever, don't ever come at me like that again.
I'll never. I'll never re-live my past again.
So don't ever, don't ever come at me like that again.
And the scars that light up the sky
Show the strength in me
Through the pain and the sacrifice
There's still strength in me
To take away the sorrow.The more lives I touch the less I feel
End it all, mother fucker
And seal the deal.
I'm no stranger to the place where demons wait
They fill up my heart with hate soStop. This isn't insecurity.
Stop. And I don't know what you want from me.
Stop. Forcing your standards upon me.
Stop. Because I'm better than you'll ever be.I'll never. I'll never re-live my past again.
So don't ever, don't ever come at me like that again.
I'll never. I'll never re-live my past again.
So don't ever, don't ever come at me like that again.
I'm a bad, bad man without a doubt
I'll chew you up and spit you the fuck out.
I'm calling you out
And now you'll see there's still strength in me.
I'm calling you out
And now you'll see there's still strength in me.
And the scars that light up the sky
Show the strength in me
Through the pain and the sacrifice
There's still strength in me
To take away the sorrow.
