Side by Side

Sydnee Carter

Hey darling how are you feeling today
Cause I can see it in your face
You're not okay
I'll be right by your side
Through the up's and the down's
I know you're hurting inside
So darling won't you walk with me, I'll take your hand, you'll be alright
Baby I will stay here with you, hold you close til morning light
Oh, oh, oh, oh, oh, oh
Hey darling, how are you feeling now
Cause your heart is hurting and you're falling down
But I want you to know,
Cause darling won't you walk with me, I'll take your hand, you'll be alright
Baby I will stay here with you, hold you close til morning light
Oh, oh, oh, oh, oh, oh
Oh darling, it's clear to see how much you mean to me
And oh baby, I know it's hard, you'll make it through
I promise you, I promise you
Darling won't you walk with me, I'll take your hand, you'll be alright
Baby I will stay here with you, hold you close til morning light
Oh, oh, oh, oh, oh, oh
