

My Life Is Over With You

The Hollies

You want to explain, that's why you called
Save your breath it doesn't matter at all,
Not now, my friend

You played your cards, and you made your choice
I don't want to listen to your voice,
Not now, my friend

I've found a new part to play in life
There's different actors on my stage
I'll set the pace in a world without you
I don't want to hear the things that you say
"cause my life is over with you

Now you know what's on my mind
Don't call again "cause you will find
I won't be here

You chose your path to walk along
Now I can sing a different song
I hope that's clear

[Chorus]

I've found a new part to play in life
There's different actors on my stage

Good bye, my love, and don't feel sad
Just because I'm feeling glad
That you're not here

You'll go your way and I'll go mine
Maybe we'll meet some other time
Goodbye, my love

[Chorus]
