Biddl3

Who said you less of a man?
Who said you less of a man?
Who said you less of a...
Who said you less of a man?
Who said you less of a man?
Who said you less of a...

You think that it's your job to do it all yeah
You don't ask for help when you fall yeah
They try to but, you don't involve them
Every now and then you need a hand say
Who said you less of a man?
You do the best that you can, you took your blessings and ran
You had a run in with trouble you stressing cuz that wasn't part of the plan
You praying up to The Man, you saving up for the fam
You waking up to some calls, talkin' bout you need a couple of grands
You know they don't give a damn, you hoping that it's a scam
You feel like you take the money you make out yo pocket and put it in Sam's
You need a holiday ham, yeah, you need some dressing and yams
If you can't afford to put food on the table does that make you less of a man?

You think that it's your job to do it all yeah
You don't ask for help when you fall yeah
They try to but, you don't involve them
Every now and then you need a hand say
Who said you less of a man?

I'm not okay and I should prolly open up
To somebody I could trust, I should try but I'm too tough
I'd be lyin' if I told you I don't feel like cryin'
But that's highly unlikely unless somebody dyin'
I been goin thru it, I'm goin thru it
Are you really a friend or somebody that I'm cool with?
I don't wanna talk I wanna lose myself in music
Said I put my faith in God and now I gotta prove it
Let's pray

You think that it's your job to do it all yeah
You don't ask for help when you fall yeah
They try to but, you don't involve them

Every now and then you need a hand say
Who said you less of a man?
Who said you less of a man?
Who said you less of a man?
Who said you less of a...
Who said you less of a man?
Who said you less of a man?
Who said you less of a...

Hey... I just wanted to let you know... I don't expect you to know everything
I don't expect you to do everything
I simply expect you to be honest with yourself
What you're doing right now is not healthy
It's not healthy to bottle everything up and take everything on
You don't have to smile all the time
You don't have to be strong all the time
You don't have to be happy all the time baby, you're human
If you're not okay, that's alright
But you gotta figure out how to face it for your own growth... ok?
Hit me back when you're ready
I love you
